

## The Features, Advantages and Benefits of a Corle Building:

### IAS AC472 & CSA-A660 CERTIFIED!

Certification of Quality Engineering - Drafting - Manufacturing

IAS AC 472 ACCREDITED and CSA A660 CERTIFIED

✓	<b>Anchor Bolt Drawings in Just a Few Days!</b> Getting anchor bolt drawings to you quickly is a Corle priority! Our engineers and drafters work hard to get drawings out in just a few days for most projects.	<b>STANDARD!</b>
✓	<b>Buildings Delivered in 4 to 6 Weeks! *</b> As former contractors, we know what it takes to be successful. We understand the importance of quick turn-around times. *Except for very complex projects, most Corle buildings deliver in 4 to 6 weeks.	<b>STANDARD!</b>
✓	<b>State-of-the-Art Manufacturing Facility!</b> IAS AC472 (USA) and CSA-A660-10 (Canada) Certified quality-controlled fabrication.	<b>STANDARD!</b>
✓	<b>Galvanized Purlins, Girts and Door Jambs!</b> Protects against red rust during and after construction. Extends the life of your project. Brighter, cleaner appearance. Lower maintenance costs.	<b>STANDARD!</b>
✓	<b>Premium Gray Mainframes!</b> Present a clean, bright, contemporary look. Compliments the galvanized purlins & girts. Can lower or eliminate painting costs.	<b>STANDARD!</b>
✓	<b>TRINAR® 40-Year Limited Warranty Finish!</b> All Corle panels feature this strongly-bonded TRINAR® finish. Our finish offers outstanding UV, heat and chemical resistance with unparalleled gloss and color retention. Matching trim available.	<b>STANDARD!</b>
✓	<b>I-Beam End Wall Framing!</b> Provides strength and rigidity. Easy to erect as they stand alone — less bracing. Stronger hot-rolled sections — easier to handle than cold rolled.	<b>STANDARD!</b>
✓	<b>Pre-Welded Clips, Purlin Bearing Rib (PBR) on Roof &amp; Walls!</b> Pre-welded clips result in dimensionally correct alignment — Fewer parts, faster and easier erection, reduced labor costs. Our PBRs create a solid side lap seal, reducing moisture infiltration and air leaks. Provides a stronger, weather-tight fit and lower maintenance costs.	<b>STANDARD!</b>
✓	<b>Guaranteed On-Time Delivery!</b> Most orders are shipped on our own trucks. Delivery times are scheduled based on builder convenience, Efficient crew scheduling saves you time and money.	<b>STANDARD!</b>

*Plus!* **Corle QuickQuote™ / Corle QuickComponents™**  
 Corle builders enjoy the ease, speed and accuracy of quoting and ordering with these two EXCLUSIVE, Internet-based programs. Quote buildings and buy high-quality components at your convenience - 7 days-a-week, 24 hours-a-day, 365 days-a-year!
